from early 2020 for a period of two years at the end of which this book was written air transport suffered unprecedented setbacks due to the covid 19 pandemic although the pandemic may eventually fizzle out into another flu like occurrence the restraint with which air transport services were offered would remain with us for a while with some practices being sustained particularly those pertaining to public health one of the main areas of air transport that was and will be affected significantly by the changed circumstances is facilitation a subject that is regulated by the chicago convention of 1944 and its annex 9 this book looks in depth at the annex as it will be applied in a post pandemic world against its legal socio political and economic impacts addressing the standards of the annex on clearance of aircraft entry and departure of passengers and the carriage of cargo it also discusses some critical aviation events in 2020 and 2021 that occurred as they relate to facilitation of air transport some of the key areas discussed are the role of icao issues of public health as they relate to air transport security of travel documents smuggling of persons digital technology and rights of the passenger unruly passengers carriage of disabled passengers relief flights and repatriation flights and facilities at airports

fao had undertaken a wide range of activities to support the implementation of the 2005 fao model scheme on port state measures to combat illegal unreported and unregulated iuu fishing fao model scheme including human resource

development and capacity building at regional level the thirty first session of the gfcme rome january 2007 endorsed the suggestion made by its compliance committee that a workshop on port state measures should be convened for the benefit of gfcme members mindful of international fisheries instruments recent developments in international fora and the desirability of strengthening controls based on the fao model scheme the main objective of the fao gfcme workshop on port state measures was to consider gfcme members coordinated efforts regarding the strengthening and the harmonization of port state measures in the near future and as a result build on the requirements of the general guidelines for a gfcme control and enforcement scheme and implement the fao model scheme in this respect the workshop followed up on the outcomes of the 2004 gfcme workshop on illegal unreported and unregulated fishing in the mediterranean this paper refers to issues relating to the implementation of the fao model scheme in the gfcme area at present and reviews gfcme members port state measures with the aim to assess strengths weaknesses gaps and constraints for regional cooperation it is based on the responses to a questionnaire that was distributed by the gfcme to members in may 2007 in order to facilitate the review of gfcme members port state measures the questionnaire was presented under headings that are consistent with those contained in the fao model scheme and respondents were asked to indicate actions taken at the national level accordingly in addition existing laws and regulations enacted at national level by gfcme members concerning port state measures are reported and compared to the provisions of the fao model scheme though port state measures are generally considered by gfcme members to be effective in controlling iuu fishing activities the majority of national legislations related to the fao model scheme needs to be updated and amended a summary of options for gfcme consideration are recommended in view of future actions to be taken to strengthen port state controls in the gfcme area since there appears to be a significant scope for further harmonization and implementation of port state measures to this end aspects such as cooperation among gfcme members including exchange of information and training of inspectors the need for qualified human resources and efforts to develop integrated mechanisms of control both at national and regional levels will be prominent in the fight against iuu fishing it is suggested that the future elaboration of a regional scheme on port state measures by the gfcme building on the ipoa iuu and the fao model scheme has to be considered as a potentially useful tool for a more uniform implementation of port state measures
