practical reasoning and clear thinking are essential for everyone if we are to make sense of the information we receive each day being able to quickly know the difference between valid and invalid arguments the contradictory versus the contrary vagueness and ambiguity contradiction and self contradiction the truthful and the fallacious separates clear thinkers from the crowd how to think straight lays the foundation for critical reasoning by showing many ways in which our thinking goes awry celebrated philosopher antony flew entertainingly instructs on the many and varied faults that occur in argument the power of reason how to challenge assertions and find evidence and how not to be persuaded by half truths flew also examines poor reasoning and why we should be concerned with finding the truth lucid terse and sensible with study questions and exercises to help along the way this enlightening second edition will help you develop the skills necessary to argue and reason effectively by following a few simple easy to remember directions

welcome and thank you for checking out organized mind how to think straight and make all the right decisions in 30 easy steps no matter how small or big it might be every single decision you make today will have an impact on your future be it financially socially emotionally or even psychologically small decisions can easily pile up and lead to huge successes or grave failures in this book you will learn 30 steps on how to take control of your mind and push your willpower to the right direction these steps include methods and strategies on how to improve your motivation improve your health strengthen your connections overcome your fears and reduce stress

i know something about you without knowing you i bet you spend a lot of time in your head you know thinking worrying stressing freaking out call it whatever you want i call it a preoccupied mind

and with what 99 of your thoughts are useless william james once the leading psychologist in america and one of the founders of the philosophical school of pragmatism put it best a great many people think they are thinking when they are merely rearranging their prejudices pragmatism believes that the mind is a tool your mind should work for you not against you people who don't master their mind don't believe it's possible they say i can't help but thinking these things well you can take control of your mind with enough practice i've done it and in think straight i share exactly how it's a quick read and you can use it to immediately to improve your thinking you have the ability to decide what you think or you can choose not to think and that is one of the most important and most practical things you can learn in life before i learned that skill i would spend hours and hours inside my head just think about how much you think i wonder what my boss thinks what happens if i screw up and lose my job what if my business never takes off does she love me why does my life suck what if i get cancer i can't finish anything what's wrong with me and the list goes on think straight reveals the recipe for taking control of your mind so you can improve your life career relationships business i wrote this little book in a way that you can read it more than once and i hope that this book serves as an anchor to you especially during trying times the mind is the most powerful tool on earth change the way you think and you'll change your life

our world is awash in mis and disinformation baseless conspiracy theories new age ideology anti science propaganda and all manner of magical thinking in careful detail author jon guy investigates the art of thinking critically offering readers the ability to empower themselves and our society at large
