this book addresses one of the most hotly contested debates in contemporary cultural life the question of how anti semitism figures in the operas of richard wagner until now scholars have generally acknowledged wagner s anti semitism but have argued that it is irrelevant to the operas themselves marc a weiner challenges that traditional view by asserting that anti semitism is a crucial pervasive feature in wagner s operas weiner argues that the operas exemplify and contribute to a vast collection of images that are patently anti semitic and that were readily recognized as such by nineteenth century german audiences these images were associated particularly with the body through a careful examination of wagner s music libretti and stage directions weiner reconstructs iconographies of corporeal images iconographies of the eye voice smell gait and sexuality that were essential to the operas and were associated with anti semitism and the longing for an imagined german community

based on the autograph manuscript and earliest editions editor nancy bricard addresses the sources and discrepancies between the various publications of moussorgsky s most important contribution to piano literature pictures at an exhibition this well researched edition describes the close relationship between the composer and russian artist victor hartmann whose paintings and sketches inspired the creation of this collection of musical works bricard offers fascinating insight into the composer s compositional process by including music passages in her footnotes that moussorgsky had discarded from the autograph also discussed are matters of tempo fingering pedaling and interpretation as well as background on the historical cultural and social environment that influenced the composer s music

this apparently haphazard collection of essays on the interpretation of more unusual concert pieces was chosen partly with a view to more imaginative programme planning the other requirement being that each piece is by a composer whose output would never make up a whole book there are many composers who wrote one or two masterpieces yet failed to leave a worthy oeuvre these are often forgotten when building programmes yet they enhance so many when brought to mind this compilation spans a little over a hundred years from the 19th and 20th centuries and all are colourful and attractive once again norman del mar brings us his expertise in handling the orchestra over a wide variety of styles and complicated instrumentation his compulsive enthusiasm and broad knowledge being an invaluable guide to both the aspiring conductor the expert and the music loving listener alike the twenty two essays range from russia to spain from schönberg to kodály from wolf to poulenc with such firm favourites as la forza del destino revealing unexpected tricky moments and the four sea interludes and passacaglia from peter grimes full of hints and advice straight from britten himself for norman del mar worked for many years with him at aldeburgh and on tour with the english opera group

since tarasti s is unquestionably the most fully developed narrative theory in the literature this book is an important landmark music letters eero tarasti advances a semiotic theory of music based on information provided by the history of western music and by various sign theories a theory of musical semiotics provides a model for the semiotic analysis of both musical structure and semantics it introduces english language readers to musical narratology which has been largely the province of european researchers

regarded as the standard guide to classical music on cd the 2002 3 edition of the penguin guide to compact discs has a new wider trim size to allow for even more updates this guide takes into account the many hundreds of new and reissued cds that have appeared in recent years while also including all the highlights from the back catalog arranged by composer the guide lists all major recordings from each work from remastered vintage recordings to the latest releases with evaluations of interpretation and performance by the authors as well as assessments of recording accuracy and advice on the best buys for cost and quality this essential reference work is designed to help select the very best recorded classical music available today

a collection of essays originally printed as introductions to the orchestral scores published by ernst eulenburg ltd london
